Week 4 was a "Fan-tastic" week! Our penguins had an amazing time during sports week. They did an awesome job during the basketball shoot-out. The Penguins are always eager to participate in all the competitions. This week some of our students even won 1st place during the shave the balloon contest and the Pepsi, Coke challenge. On Thursday we took our campers to see the movie Surf's Up, they had a splashin' good time. Don't forget to wear your red, white, and blue next week! See you all next week...

Hello everyone! It's been another fantastic week for Room 2. We used our creativity this week to make a Superhero banner to decorate our room. We also created Marble Art pictures. Everyone did a great job and our classroom looks awesome with all the new artwork. To get into Sports Week, we also painted wooden baseball mitts and dressed up as our favorite athletes. We wrapped up the week with an exciting trip to see the Marlins game. We look forward to even more good times next week!

**Mr. Malka & Gio**

Another fun-filled week at camp had us on the edge of our seats, at the Marlins game that is. One of our very own campers actually caught a foul ball off of Miguel Cabrera. The heat was rough, but did not get to us as we still dressed up as our favorite athletes and made banners for our favorite sports teams. Cars were speeding fast in our lunchroom as we raced our newly made wooden cars. We ended the week off with a flood of water in our wild water sports and games. With so much fun going on we can't wait to see what we do next week.

**Ms. Crawford & Ms. Cope**

The third week has been wonderful! Our group made their very own mouse pads to use during computer time. Everyone participated with the Sports Week theme by creating Marlins banners to wave during the game. The game was very exciting, especially for those who had never been to a professional baseball game. Even one of our very own campers caught a foul ball! We can't wait until next week for our Americana theme.
