

**Room 1 – Week 8 “Pungu Island”**  
**Ms. Motta & Ms. Zayas**

We had a groovy time this week. Our campers made tie-dye shirts and cool bead necklaces to wear on Hippie day. Our penguins had an awesome time popping balloons with their bums to get points for their respective teams and playing musical chairs during color wars. Just a note: Room 1 Penguins won 1<sup>st</sup> place for Best Cabin Decorations, and the prize is a pizza and ice cream party! We are very proud of our penguin campers for all of their hard work and awesome art projects. See you next week and remember to wear your team colors for Spirit Week next week. Gators= green and Sharks= blue.

**Room 2 – Week 8 “Superhero Training Center”**  
**Ms. Rivera & Mr. Lieberman**

In Week 8, Room 2 had a groovy time! We started out the week making our very own tie dye t-shirts so we would fit right in for the 60's competitions in color war. On Tuesday, we made hippie beaded necklaces. We made popsicle stick sculptures and painted them in a psychedelic way. We also created some sand volcanoes and made them erupt. We ended the week with a spectacular show from Mad Science. We look forward to next week, to wrap up all the fun we had this summer.

**Room 8 & Room 10 – Week 8 “Puppy Lot”**  
**Mr. Malka, Ms. Augustin & Junior Counselor Gio**  
**Ms. Crawford & Ms. Cope**

We have taken our “Puppy Pounders” and “Sandlot” and combined them to make “The Puppy Lot.” This week we all went on a groovy time warp back to the 60's. We created our very own tie-dye shirts and wore them to camp. We had a blast throwing Frisbees and dancing to 60's music. We all learned and enjoyed a card game named “Spit” that had us working quickly to grab the smaller pile. At the end of the week we had a wild show of crazy experimentation that amazed us and made us want to start some experiments of our own. The last week is coming; we are sad to go, but we are glad to have had the Kentwood Camp experience.
